

Company Profile

Since its establishment, SonoScape has been committed to providing high quality medical equipment for the healthcare sector. SonoScape specialized in the development and production of diagnostic solutions. Through innovation SonoScape continues to not only improve the efficiency and accuracy of healthcare solutions, but also to increase a sense of comfort for the patient and clinician. Since 2002, the innovative technology of SonoScape has benefited millions of people and we are dedicated to continue providing more effective and accessible healthcare solutions to the world.

Quote from Frost & Sullivan

"The Frost & Sullivan Award for Growth Leadership is presented to the company that has demonstrated excellence in capturing the highest annual compound growth rate for the last 3 years... The sales of ultrasound devices contribute an overwhelming proportion of total revenue, helping the company strengthen its leading position to outperform the competitors in the marketplace. With increasing penetration of mid-to high-end ultrasound devices, SonoScape is expected to see growth potential in the future..."

Company Milestone

- 2002: Company Founded in Shenzhen, China
- 2003: Released SSI-1000: the 1st 15" Portable Color Doppler system in China
- 2004: Released SSI-2000: the 1st PC platform Color Doppler system in China
- 2005: Received the "High Technology Company" award from the PRC government
- 2007: Received "CHINA TOP BRAND" award in the Medical Equipment Industry
- 2007: Released the 1st Real time 4D ultrasound system in China
- 2008: Received "European Entrepreneurial Company 2008" award from FROST & SULLIVAN
- 2008: Received "Flagship Company" award in the Medical Equipment Industry in China
- 2009: Received "Product Quality Leadership Award 2009" from FROST & SULLIVAN
- 2011: Received the Reddot 2011 Product Design Award for S20 in Essen, Germany
- 2013: Received "Ultrasound Market Growth Leadership Award, 2013" from FROST & SULLIVAN
- 2014: Received the iF product design award 2014 for S9 in Munich, Germany
- 2014: Received "Company of the Year in Ultrasound Market, 2014" from FROST & SULLIVAN
- 2016: Received "Product Innovation In Electronic Endoscopy Market" from FROST & SULLIVAN
- 2017: Received the iF product design award 2017 for X5 in Munich, Germany

SonoScape

Caring for Life through Innovation

P50

Define Your Vision

Empowered by SonoScape's new generation ultrasound platform, the P50 system enhances flexibility and intelligence to a new level. More stable than ever, P50 improves its signal transmission and reception processors which leads to higher sensitivity and more accurate echo detection. What's more, P50 is equipped with a wide range of transducers which adopt innovative technologies and therefore promises a confident diagnostic experience.

Ergonomic Industrial Design

LED monitor with articulated arm

Adjustable touch screen

Rotatable and height adjustable control panel

Gel warmer

Built-in battery

Wireless Wi-Fi Connection

Consistent quality performance across applications

Enhanced with advanced imaging architecture and probe technologies, the system enlarges diagnostic capacity and quality across a wide range of applications.

Intelligent

Intelligent analysis system, equipped with a variety of automated analysis tools to provide increasingly accurate and efficient solutions.

Auto optimization

Auto IMT

Auto NT

Auto Face

Auto EF

Suited to Your Needs

Stable and versatile, P50 is adaptable to a variety of clinical settings. Capable of both general and specialized imaging, P50 is ready to take care of daily clinical needs including abdominal, OB/GYN, cardiology, musculoskeletal, small parts, breast, vascular, pediatrics and more for patients of varying sizes.
